

Dear Students,

Warm Greetings to you all

You are blessed to find an opportunity to get education at one of the best premier institution imparting science education with a new dimension, congratulations to you all.

I am well aware that your generation is more bright able, resourceful, open minded and tech savvy. These features will definitely take you proudly at the forefront of the developed countries in the near future.

Dear student friend, after a long service of disseminating knowledge for almost 33 years in KLE institutions, I am going to retire on 30th May 2020.

As a Teacher, I have given effective training and guidance to grab opportunities, created and nurtured research culture and temper.

As a head of the institution, I have tried to enhance the learning facilities and faculties for the effective implementation of the existing programmes and to bring new, relevant programmes, steps have been taken to utilize the most modern technological aids. I have tried to promote team spirit and leadership qualities amongst you all.

In this era of cut throat competition we could be able to provide you with appropriate knowledge, habits, attitudes, discipline and values leading to holistic development.

Friends, I enjoyed interacting with you all, I feel proud that, I was able to take you towards the path of discipline. I am happy you have responded positively.

Friends, to be successful in life have ambitions and define your goal clearly. Discipline and hard work is the key to success.

I whole heartedly thank you all for having joined your hands, in creating health, conducive ecosystem for learning and I also appreciate sportsmanship quality for having participated actively in all cultural and sports activities to explore your hidden talents and brought laurels to the college.

I believe in

"With ordinary talents and extraordinary persistence all things are attainable"

All the best for your future, Good luck have a peaceful life.

Your's
